

Dear students,

Today I have taught Denudation, phases of denudation, work of river, stages of river,

And formation of v-shaped valley & water fall from ch-9(weathering & denudation).

Next class I will start from middle course of river.

H/W

1.Differentiates between denudation & weathering.

2. Define denudation. What are the phases of denudation?

3.Name 2 land form which are found in the young stage of river.

Explain its formation.

Thank you

Debosmita Banerjee.
